

With today's reportage style photography, one thing is for sure, your photographer will no doubt capture you from every angle. This in mind, wedding hair is now more than just a perfect fringe and the rest tucked underneath a veil.

Consider what kind of style you think is right for you, and if it will be complimented by hair accessories such as a Tiara, Flowers and Veil, and indeed where that veil will be placed. Here are a some ideas of great wedding hairstyles to help inspire your wedding day look.
